

# Tedder Bear Stamping

Lisa Tedder

Independent Stampin'Up!™ Demonstrator

## Supplies

**Stamps:** Home & Garden Bundle

**Inks:** Early Espresso

**Blends:** Balmy Blue, Real Red, Daffodil Delight, Med 500

**Paper:** Early Espresso 5 1/2" x 11", 1 3/8" x 11", scraps for hangers

Silver Foil (Blue Foils) 3 7/8" x 5 3/8", scraps for tool 'heads'

Garden Green scrap for grass

Crumb Cake scrap for stamping

Basic White scrap for stamping

In Good Taste Designer 1 5/8" x 5 3/8" (x2), 1 3/8" x 1 7/8", 1 5/8" x 1 7/8" (x4), scrap for sentiment

**Embellishments:** Pebbles Enamel Shapes

**Tools:** Checks & Dots Embossing Folder, Tasteful Labels Dies, Simply Scored

## Dad's Shed

1. Place Base piece of Early Espresso on Simply Scored with long edge at the top score @ 1 3/4", 3 1/2", 7 1/2", 9 1/4" then place Early Espresso Strip on Simply Scored with long edge at the top score @ 4", 5 3/4", 7 1/2", 9 1/4". Fold Base so middle is flat, accordion fold both edges down towards middle and out. Set aside Strip.
2. Adhere both bigger pieces you cut of the Designer paper on the two edges that fold out. (See picture)
3. Run your Silver Foil through the Embossing folder and machine (you will center folder), adhere to middle panel.
4. For the long Early Espresso strip, you will do a Mountain fold on first score, Valley next, Valley again and then Mountain, see picture above. Then add the Designer paper to fit in each part. Then you will put adhesive ONLY on the part that will touch the first flap on left, do NOT go past flap! Adhere the last three rectangles on strip so it adheres to back, side and front on right. Now your card can sit open!!
5. Stamp/Color/Die cut all elements that you want on the wall, die cut the silver foil that goes on tools.
6. Die cut grass/hangers, add hangers to wall, grass on front as desired. Place Dimensionals on back of shovel and place grass in front.
7. Stamp Sentiment on front. Add Ladder, then place Pebbles where desired.
8. Stamp other sentiment on Designer paper, die cut with Tasteful Labels Dies. Add Dimensionals on back center, add Trowel and a tuft of grass. Add to right side of front.
