Haunted House

1. Score Basic Black base at 4 1/4", fold & Burnish.
2. Run one of the Gorgeous Grape through the machine using the Painted Texture Folder. Layer onto the front of base.
3. Run the scrap black through the machine using the Dies from the bundle. Layer the house in the middle of cut out as shown.
4. Die cut the moon using Die from set and place behind trees as shown. Adhere Vellum to back of House cut out. Attach to middle of Designer paper on front.
5. Using the Black Glitter Washi Tape go around the 3 edges omitting the bottom.
6. Fold 4" of the ribbon in half wrap around bottom of the DSP and the cut out, adhere on back. Adhere to the base in the middle of the front.
7. Stamp sentiment on scrap of Smoky Slate using Memento. Die cut using Banner Die from set. Go around the edges with Memento using a Dauber or Blending Brush. Attach using Dimensionals to middle of ribbon.
8. Place Basic White piece into Stamparatus, Lay ribbon at bottom but don't adhere, we're using it to gauge distance. Place the stamp upside down with the 3 'goblins' on right side over where the ribbon will be. Pick up the stamp with Stamparatus plate, then ink with Memento close lid, do this as many times as it takes to get a dark crisp image. Go over the ENTIRE White with Gorgeous Grape ink and Blending Brush. Attach to Gorgeous Grape. Wrap ribbon now and adhere to back as shown. Attach

inside.
