## Trick or Treat

1. Score Basic Black Base at 5 1/2", Fold and Burnish.
2. Run one Gorgeous Grape layer through machine using the Leaf Fall Folder, then go over with a Blending Brush and Memento to highlight leaves.
3. Cut 5" of the Mesh Ribbon and wrap around the right side of #2, adhere to the Base.
4. Die cut the scary tree and House from Basic Black scrap. Adhere the house to the back using Liquid Glue. Using the scraps of Mango Melody place behind the windows. Set aside.
5. From the kit remove a Ghost and adhere to the house/scary tree as shown. Now put Dimensionals on back of all 3 and place on the bottom left side of card as shown.
6. From the kit cut a 1 1/4" x 2 1/2" piece of Fresh Freesia, stamp sentiment using Gorgeous Grape ink, trim edge to make a banner. Adhere to the scrap Basic Black and cut to mimic the banner to give a small border all around. Place Dimensionals on back and place over Mesh Ribbon on bottom right of front.
7. From the kit you will place some of the stars on the front as shown.
8. With the ink from the kit (Orchid Oasis) stamp the Ghost from the kit on inside White. Stamp bats from kit on the top as shown. I splattered with a Black Marker, I had a smudge had to hide it! Layer onto Gorgeous Grape and adhere inside card.
