Thinking of you

1. Score Basic Black Base at 4 1/4", fold & Burnish.
2. Run one Cajun Craze through the machine using the Painted Texture Folder, attach to front of card.
3. Run both Basic Black and Basic White through the machine using the Stitched Rectangles 4th and 5th from outside, set aside.
4. Die cut a circle 1 1/4" from Post It or Adhesive Sheets using Layering Circle Dies, set aside.
5. With a Blending Brush, go over entire White piece with Mango Melody ink, going back and forth, to look like sky. Adhere circle about mid-way as shown.
6. With a different Blending Brush go over the entire white in step #5 using Cajun Craze ink....again go side to side. Take off Circle and LIGHTLY go over sun to help blend in and look 'hazy'.
7. Stamp or use the Stamparatus to apply Cone flower using Tuxedo Black ink, go over as necessary to get a dark crisp image. Do the same for stem/leaves.
8. On front of card layer the two die cut pieces (black & flower image) as shown.
9. Stamp inside sentiment using Cajun Craze ink on Very Vanilla. Layer onto Cajun Craze and adhere inside card.
10. Add some Brushed Brass Butterflies on front as desired.
