It's your day

1. Score Night of Navy base at 4 1/4", fold & Burnish.
2. With your paper snips you will make 'grass' by cutting along the long edge of the Old Olive, adhere to bottom of Basic White layer.
3. On the Basic White on #2 you will lay the strips down so they go across entire base above the grass, go over with Balmy Blue ink and Blending Brush.
4. Stamp door on Soft Suede using Memento die cut then color with Soft Suede as shown. Set aside.
5. Run Smoky Slate through Brick folder, then cut down to desired 'steps' and color with Smoky Slate Blends as shown. Adhere above the grass.
6. Ink up arm with the flowers with Marker, but only ink up arm DO NOT LET Marker ink up anything other than the arm. On White (1 1/2" x 3 1/8") stamp the arm. Then ink up Presents with memento and stamp above hand. Color Presents/Arm using Blends as desired, go over with Wink of Stella. Adhere this behind the 'open door' then adhere on front of card.
7. If desired, you can cut the 'sign/numbers' to place on grass.
8. Stamp front sentiment onto scrap White and trim down and adhere with Dimensionals as shown.
9. Stamp cat with Memento on White inside piece then color. Stamp sentiment with Balmy Blue ink. Adhere inside.
