## Merry Christmas

1. Score Early Espresso Base @ 3 1/2", fold & Burnish.
2. Place the scrap Soft Suede into the Hybrid folder and be sure that it is over the three rings on one side WITH the die inside as well, run through machine. Take all three of the Die cuts and cut out tree ring from middle that's one size smaller on each one. This will leave a hole in the middle. Go over with a Dauber and Soft Suede ink on the outside. Now you will Die cut the Basic White scrap the same way, except you won't die cut a hole. Once done, stamp tree ring over the embossed surface and then with a Blending Brush go over with Crumb Cake. Now place these under the cut out you did with the Soft Suede.
3. Adhere the DSP to the front on the Base.
4. Tear the Glimmer Paper (I used the Tranquil Tide), in half (short edge), leaving a wavy line. Layer these together to give a snowy appearance then adhere to bottom of DSP on front.
5. Die cut the 'branches with leaves' from Early Espresso scrap, trim off all leaves. Adhere these to the middle size Ring, as shown. Add three Classic Matte Dots for buttons.
6. Place two smaller dots for eyes on smallest Ring. Fussy cut a 'carrot' for his nose adhere under eyes.
7. Now layer starting at the bottom of the snowman, each layer is flat.
8. Stamp sentiment using Night of Navy ink on Mint Macaron, fussy cut out. Layer onto top of front as shown. Add Iridescent Rhinestones as desired.
9. On Basic White for the inside, you will stamp house base in Soft Suede, Roof in Night of Navy.
10. Stamp sentiment with Night of Navy. Adhere inside card.
